

Foundation Stage 'Growing' Homework Suggestions for SPRING 2

Get Active

<https://www.youtube.com/watch?v=xhWDiQRrCIY>

Try this fun Cosmic Yoga exercise:
'The Very Hungry Caterpillar'

Get Busy

'50 things to do before you're five' is a free app full of fun suggestions for activities to try at home or in the local area to support your child's development.

Suggested Activities this half-term:

#9 Minibeasts and bug hunting!

#19 Growing, little people, plants and things!

#27 Little people park keeper!

Get Thinking

English

Can you draw a picture of a plant and then label it?

Can you describe the lifecycle of a frog using sequencing words (then/next)?

Maths

Explore fruit and vegetables at home in the fridge. Can you talk about their weight? Which is heaviest/lightest?

Understanding the World

Can you plant your own bean/bulb/seeds at home? Observe what happens over time.

Enjoy a spring-time walk and take photos of the different plants and animals you notice. Perhaps draw a picture!

Visit some baby animals at the farm.

If it is more convenient you can simply send a photograph of your child's work via the Evidence Me App.

Get Creative

Can you design a beautiful butterfly?
Be sure to use bright colours and make the patterns symmetrical!
