

# Geography Knowledge Organiser - Home is Where the Heart Is

## Curriculum Objectives

By the end of this unit, your child will be able to:

- explain why settlements develop in certain locations.
- use maps to identify settlements built by invaders.
- compare land use in different settlements.
- use maps to identify links between settlements.
- describe land use in urban and rural areas in the UK.
- develop a secure geographical understanding of what a county is and explain which county our local area is part of.
- investigate our home county of Yorkshire, and explain what type of settlement we live in.
- explain human and physical features of the UK.

Wakefield is a cathedral city and the administrative centre of the City of Wakefield district in West Yorkshire, England. The city is on the River Calder at the eastern edge of the Pennines. In the 18th century, Wakefield traded in corn, coal mining and textiles. In 1888 its parish church acquired cathedral status.

# Geography Knowledge Organiser - Home is Where the Heart Is

An Ideal Place to Settle			How Is Land Used in Settlements?	
Essential	Desirable	Unwanted	agriculture	Industrial
shelter 	entertainment/shops 	open to attack 		
water supply 	education 			
	green space 	exposure to weather 		
food 	neighbours 			
	healthcare 	prone to flooding 		
electricity/fuel supply 	transport links 			
			housing 	leisure 
			business 	retail
